

WEBELOS CONSERVATION DAY

There is a great opportunity for our Webelos that will occur in early fall. It's called **Webelos Conservation Day** and the Scouts will have the opportunity to work on projects that can apply to several of the Webelos activity pins. The program is presented by the Henry White Farm and the Cahokia Mounds State Historical Site.

The eight classes, covering nine topics, fulfill requirements for the Forester and Naturalist Webelos activity pins. When combining this with the completed Outdoorsman activity pin and participating in a conservation project of your unit's choosing, the Webelos Scout will have earned his World Conservation Badge.
